Description

GIVI PLR6403 Pannier Holder is a bike specific tubular side case holder designed to take any of the GIVI Monokey side case range, except GIVI V35 and V35 tech side cases. The PLR6403 Rapid detachable rack system allows you to attach and remove the side-case rack quickly and easily. The system, designated as the PLR, is supplied with special semi-turn screws (circled in red) which allow you to attach the large, visible, sidecase hardware structure to much smaller supports that remain unseen.
