Description

Tanklock ED bag, capacity 5 litre.

Materials: • 600D PU polyester coated polyurethane EVA, high resistance UV materials (ISO 4892-2) • Materials manufactured within REACH recommendations

Features: • Side reflective inserts • Rain cover • Handle for easy transportation • Internal glasses holder • Shoulder strap for easy transportation • Zipper pulls compatible with a safety lock • IP65 waterproof, removable mobile phone holder • Cable outlet for the GIVI Power Hub

The TanklockED system enables a tanklock bag to be secured to the specific flange mounted to the fuel cap, using a security lock thus ensuring increased security. The tanklock bag can be attached and detached from the fuel tank without using the key. The key is only used to secure the tanklock bag when the motorcycle is left unattended. The lock type used in the ED System can be matched to the security locks used in top and side cases, the trolley base and also the tool box by using one of the following lock sets; SL102 / SL103 or SL105. To be fitted in conjunction with the specific tanklock fitting BF__
